

## Covid-19

Everglades Academy is dedicated to the health and safety of our students and their families. We want to assure our families that we are doing everything in our control to maintain the cleanliness of our school.

- We are screening and monitoring all children coming into the school visually and taking their temperatures.
- All our teachers are wearing masks and gloves.
- The children are washing their hands numerous times throughout the day.
- We are disinfecting our classrooms and playgrounds.
- We are limiting access to essential people into the school.
- If a person should need to come into the school, we are asking them if they have been sick in the past 24 hours, any fevers, upper respiratory issues or loss of appetite, and taking their temperature as well.
- Everyone that enters our school must wear their own masks or face coverings while on the premises.
- Every person that enters our school must immediately wash hands
- **Medications will not be administered**, if your child has a cough, runny nose or fever please keep them home. (epi pen excluded)

I understand all that Everglades Academy is doing during these Covid-19 times. There is much unknown about the Covid-19 virus and it is an airborne virus. Someone can contract this virus anywhere without knowing for several days or weeks.

I \_\_\_\_\_ release Everglades Academy from all liability to my child,  
\_\_\_\_\_, and our family.

Date: \_\_\_\_\_

If you have any questions or concerns, please speak with our front desk.

Thank you for your support as we go through these difficult times.
